

PARKINSON'S

LOTTIE LANEY

1-21-87

Chino Valley, Az.

In the early part of 1980 or 1981, my husband and I were introduced to FOREVER LIVING PRODUCTS. Nothing we have ever used has brought the relief from pains, and the contentment in their use as these Number 1 natural products.

We started off with the ALOE VERA JUICE and GELLY. My husband has Parkinson's Disease, and his right arm is only 5 inches long, being amputated at age 8 when gangrene set in after a break in his forearm. In his early life he was in two automobile accidents and suffered for years with severe headaches, 3 or 4 times weekly; we assume from head injuries in the accidents. After being on ALOE VERA JUICE for no more than 3 or 4 weeks his headaches began diminishing rapidly; in a few short months he had no more headaches.

Through these years we've used FOREVER LIVING PRODUCTS for whatever aches and pains we've had, and they have surely worked; I never know when to stop when I'm talking ALOE VERA.

Recently, during a physical, I learned I have borderline high blood pressure and Osteoarthritis in my hands and feet; problems with my lower back also. The BEE PRODUCTS, especially the ROYAL JELLY; and the ALOE HEAT LOTION AND ALOE GELLY are helping so much in all these areas. If I have any discomfort with my digestion any of the JUICES alleviate those problems; drinking an ounce or two when I'm unable to sleep brings rest and sleep in a short time. Eating grapefruit, oranges, grapes and strawberries does not bother me anymore.

So you can see why we're so sold on the FOREVER LIVING PRODUCTS, using them from head to foot; and THANKING GOD daily for bringing FOREVER LIVING PRODUCTS, INC. into our lives.

We are both in our 70th year at this writing. The progression of my husband's disease is very slow with these wonderful products, so that is giving us more time together.

Another discovery we have made, the ALOE PROPOLIS CREME makes the best deodorant we've ever used, and we don't have to worry about what is in it. We use it any place deodorant is needed. My son had acne when younger so uses it as an after-shave cream; also on his feet after his shower.

The ALOE LIPS are so helpful too, not only for my lips but also inside my nose when it is windy, when I'm building a fire in our wood-burning fireplace, or emptying the ashes. There is just no stopping place, it seems.

Just one more thing I must tell you, - I have two Cockatiels into whose CharO 2000 purified water I put some of whatever JUICE I have open, or even ACTIVATOR, and as yet they have had no health problems.

Thank you for listening.
